

Export Requirements for Vietnam

VI-20 (Mar 12, 2012)

Asterisks (*) indicate the most recent revision to these requirements.

Eligible/Ineligible Products

A. Eligible

1. Beef meat, including bone-in and boneless, from animals less than 30 months of age produced under an approved AMS Export Verification (EV) program. Information about the EV program for Vietnam and a list of EV approved establishments can be obtained from AMS' Web site.
2. Beef offal products from animals less than 30 months of age slaughtered **before** July 15, 2010, produced under an approved AMS Export Verification (EV) program. Information about the EV program for Vietnam and a list of EV approved establishments can be obtained from AMS' Web site.
3. Beef heart, liver and kidney products from animals less than 30 months of age slaughtered **on or after** May 4, 2011, produced under an approved AMS Export Verification (EV) program. Information about the EV program for Vietnam and a list of EV approved establishments can be obtained from AMS' Web site.

Effective March 19, 2012, a Statement of Verification (SOV) is no longer required as part of the export certification process for Vietnam. FSIS inspection personnel will continue to verify the eligibility of the establishment and product.

Veal and veal products are not subject to the EV program.

4. Poultry and poultry products.
5. Poultry hearts and livers from birds slaughtered on or after April 1, 2011.
6. Pork and pork products.
7. Pork heart, liver, and kidney from animals slaughtered on or after April 1, 2011.

B. Ineligible

1. All other beef, pork, and poultry offal not identified in the "Eligible section" above.
2. Beef offal products from animals slaughtered on or after July 15, 2010 and before May 3, 2011 are not eligible for export.
